

County 4-H Shooting Sports

Annual Report - 2008

Greene County 4-H Archery Club
Siuslaw Model Forest
August, 2008

2008 Program Goals

The Greene County 4-H Shooting Sports program will provide youth with instruction and skill-building in archery and natural resource conservation.

The goal for the 2008 program is to increase the number of archery programs in offered by Greene County 4-H to two six-week archery programs.

2008 Highlights

- 4-H staff member became a certified archery instructor in February of 2008.
- Greene County 4-H offered two archery programs in 2008:
 - A six-week, indoor archery program was offered at the Catskill Community Center during the winter.
 - A six week, outdoor archery program was offered at the Agroforestry Resource Center during the summer.
- The 4-H archery instructor and his wife, who is a 4-H club leader will be starting a year-round archery club in the 2009 4-H year. This club will participate in the State Shoot and other regional and state events.
- A total of 17 youth were served by the 4-H archery program in 2008. Twelve young people participated in the winter program and nine youth participated in the summer program. Three youth participated in both the winter and summer programs.

Archery Gallery

Winter 2008 – Catskill Community Center

In addition to shooting, participants took part in archery-related crafts. We were visited by a flint-knapper and youth made their own projectile points and wooden arrows.

Summer 2008 – Agroforestry Resource Center

On the last day of the program, we left the shooting range and took a hike through the Siuslaw Model Forest, shooting at milk jug targets using judo points on our arrows.
